

# Essential Smoke Fluids for Essential Training.

The Battle Fogger

For first responders around the world, fire training is essential to establish operational readiness, ensuring they can perform during emergencies, when it counts the most. Our fluids can be used to simulate dense smoke, creating safe but realistic scenarios for executing training exercises.

Our **Longer Lasting Smoke Fluid** is ideal for Positive Pressure Ventilation Training (PPV), hanging in the air so firefighters can vent the area and determine the path and direction of the smoke. Our **Heavy Smoke Fluid** and **Quick Dissipating Smoke Fluid** are excellent for Breathing Apparatus Training and Search and Rescue Situations.

*Our fog machines have a five-year warranty against manufacturers' provided Ultratec fluids are used.*

SETTING THE STANDARD IN  
SPECIAL EFFECTS FOR OVER 25 YEARS

**BATTLE FOGGER**

Product Code: CLF-4200 (110v, timer remote included)  
 Product Code: CLF-4205 (220v, timer remote included)

**G3000 FOG EFFECTS GENERATOR**

Product Code: CLF-3000 (110v, digital remote included)  
 Product Code: CLF-3003 (220v, digital remote included)

**POWER FOG INDUSTRIAL 9D**

Product Code: CLF-4530 (110v)  
 Product Code: CLF-4532 (220v, CE)

**PREMIER FOG EFFECTS GENERATOR**

Product Code: CLF-4520 (110v, with timer)  
 Product Code: CLF-4522 (220v, CE with timer)

**QUICK DISSIPATING SMOKE FLUID**

Great for Breathing Apparatus Training and Search and Rescue situations. This blend was created for training use in the fire fighting industry and is now extensively used for many other applications. This fluid creates a low lying smoke that will rise slowly.

**HEAVY SMOKE FLUID**

Great for Breathing Apparatus Training and Search and Rescue situations, our original fluid is used for many applications where a cloud of smoke is required with a medium hang time. Clean, white, dry and odorless smoke has made this the "professional's choice."

**LONGER LASTING SMOKE FLUID**

Ideal for Positive Pressure Ventilation Training (PPV) hanging in the air so firefighters can vent the area and determine the path and direction of the smoke. This formulation produces a clean, dry, odorless, slightly less white smoke that hangs in the air two to three times longer than our classic smoke fluid.

**QUICK DISSIPATING SMOKE FLUID**

CFF-8010	4L Fire & Safety Quick Dissipating Smoke Fluid
CFF-8011	205L Fire & Safety Quick Dissipating Smoke Fluid Drum

**HEAVY SMOKE FLUID**

CFF-8000	4L Fire & Safety Heavy Smoke Fluid
CFF-8001	205L Fire & Safety Heavy Smoke Fluid Drum

**LONGER LASTING SMOKE FLUID**

CFF-8005	4L Fire & Safety Longer Lasting Smoke Fluid
CFF-8007B	20L Fire & Safety Longer Lasting Smoke Fluid
CFF-8006	205L Fire & Safety Longer Lasting Smoke Fluid Drum

**WARRANTY**

Our fog machines have a five-year warranty against manufacturers' defect provided Ultratec fluids are used.
